Chiba City Guide to Reducing and Sorting Household Waste

A city-wide campaign to recycle tree branches, cut grass, and leaves will start from February 2018.

Inquiries
Chiba City Call Center
TEL: 043-245-4894 FAX: 043-248-4894
Telephone Hours 8:30 – 21:00 (until 17:00 on weekends, holidays, and year-end/New Year)
### Chiba City Garbage Disposal Rules

#### Waste separation rules

1. Separate waste appropriately.
2. Place in designated bags.
3. Put out early in the morning before 8:00 a.m.
   *Put out tree branches, cut grass, and leaves before 10:00 a.m.*
4. Dispose at a designated waste collection station in the area.

#### System for collecting fees for household waste collection

To raise public awareness of waste reduction and to ensure that waste disposal expenses are incurred in a fair manner, residents are required to pay a part of the waste disposal fees in proportion to the volume of waste discarded by purchasing city-designated waste bags (0.8 yen/liter).

**Primary purpose of the fee revenue**

The entire revenue from the waste disposal fees is transferred to funds for promoting recycling-related activities and is used for implementing relevant programs and policies.

#### System for supporting households with members who use disposable diapers etc.

**Inquiries** Waste Collection Operations Division Tel:043-245-5249

A system that provides city-designated combustible waste bags (20 L) for households with members who use disposable diapers, etc.

<tr>
<td>Patients undergoing peritoneal dialysis at home</td>
<td>Up to 100 bags (annually)</td>
<td>Distributed by mail to each household every fiscal year</td>
<td>Application to the Waste Collection Operations Division</td>
</tr>
</tbody>
</table>

#### System for counseling on garbage separation and disposal

People who do not adhere to the garbage separation and disposal rules may be subject to investigation/guidance in accordance with the city’s Act on Proper Waste Disposal and Recycling Procedures.

1. **Open-bag investigation**
   - City officials will investigate any breaches in the rules and identify the offender.

2. **Instructions**
   - They will then instruct the offender to adhere to the waste separation/disposal rules.

3. **Order**
   - If the offender still fails to observe the rules even after the instructions, a legally binding order will be issued.

4. **Fines, etc.**
   - If another breach is detected within 1 year after the issuance of the order, a fine (2,000 yen) is levied.

#### Other waste-related bans

**Unauthorized appropriation of resources and other items is prohibited.**

Pursuant to the Act on Proper Waste Disposal and Recycling Procedures, appropriation of resources/incombustible recyclables is prohibited.

**Ban on outdoor incineration**

Outdoor incineration (open burning) of waste may constitute an offense punishable by the Waste Disposal Act, except for certain circumstances (*). Burning waste in a residential area negatively affects the living environment and inconveniences the neighbors, or may even result in the fire spreading.

*Minor daily activities such as bonfires, as well as activities essential for agriculture/forestry operations.

---

**If you spot any transgression being committed, please contact the Environmental Center in charge.**

Tree branches, Cut grass, Leaves

Free of Charge | Twice a Month ★ Also collected on holidays.

Inquiries City Hall Call Center Tel: 043-245-4894
Reception hours: 8:30-21:00 on weekdays ★ Until 17:00 on Saturdays, Sundays, and national and New Year holidays

- Although there are no restrictions on disposal volume, please divide into smaller portions if the volume is so large that a waste disposal station would overflow.

- Households can also put out bamboo and ornamental flowers as grass waste.

- The methods of collection may differ in designated waste disposal stations for housing complexes including apartments and condominiums depending on the waste being discarded (e.g., tree branches).

Tree branches
(The following size is accepted only on recyclable collection dates)

Cut into pieces within 20 cm in thickness (diameter) and within 100 cm in length, and bundle them together with string.
* Make sure that one bundle is light enough for an adult to lift.

Cut grass/Leaves
Put into transparent/former designated bags.
* Remove any dirt attached to the roots of cut grass.

Non-disposable items

- Wooden products
  Scrap wood
- Bamboo roots
  Lawn roots ★1
- Vegetables
  Fruit
- Oleander ★2
- Metals
  Plastics
- Paper
  Cloth items
- Stone
  Dirt
  Glass

*1 Cannot be collected because a large amount of dirt is attached and it may damage or break the disposer.
*2 Cannot be collected due to high toxicity.
## Used paper

**Free of charge | Once a week ★ Also collected on holidays.**

**Inquiries**
**Used Paper/Cloth Item Recycling Inquiry Center**
Tel: 043-223-7767
Reception hours: 9:00–17:00 on weekdays *Closed on Saturdays, Sundays, and holidays.

---

### How to discard used paper

1. **Remove supplementary items.**
   - Remove any adhesive parts, CDs, DVDs, cosmetics, and other items (supplementary items) that come with magazines.
   - Make sure to bind articles with string in a cross shape to prevent them from being blown away by the wind and causing accidents. *DO NOT use packing tape.*

2. **Bind with string in a cross shape.**

3. **Can also be discarded on rainy days.**

---

### List of used paper items

- **Paper scraps**
  - How to tie up: Put together in paper bags.
  - DO NOT place anything other than paper scraps in paper bags.

- **Newspapers**
  - *Newspaper inserts are dissolved along with newspapers before recycling, so bundle them together before discarding them.*

- **Magazines**
  - Weekly magazines, Catalogs, Paperbacks, Hardcovers
  - *Staples can be discarded as is.*
  - Remove any adhesive parts, CDs, DVDs, cosmetics, and other items (supplementary items) that come with magazines.

- **Cardboard**
  - Make sure to fold and tie up each even for a single sheet of cardboard.
  - Fasteners can be discarded as is.

- **Cartons**
  - Wash, open, and dry
  - Discard ones less than 500 ml as combustibles.

---

### Discard the following items as combustible waste.

- Unclean paper ➔ because it may reduce the quality of recycled products
- Boxes for delivery pizzas, cakes, doughnuts, any unclean cardboard, etc.
- Smelly paper ➔ because it may leave a smell on recycled products
- Scented toilet roll cores, wrapping paper for soap, boxes for incense sticks, etc.
- Paper for filling bags and shoes ➔ because it contains a lot of non-recyclable paper
- Water-insoluble paper ➔ because paper needs to be dissolved in water before recycling
- Paper cups, containers for yogurt/cup noodles, photos/photo albums, crimped postcards/confidential postcards, packages for chewing gum, etc.
- Mail packages and iron print paper ➔ because the deeply ingrained ink may stain recycled products
- Stickers/sticker mounts, sticky notes (adhesive memo) ➔ because the adhesive material may stick to the processing machinery when dissolved in water, causing damage or breakage
- Others: Thermal paper (receipts, FAX rolls, etc.)/Japanese paper in general (calligraphy paper etc.)/paper with crayon marks/paper packs for eggs/paper that is faded or discolored from extended storage/shredded paper/synthetic paper (packages for cakes, caramels, etc., cooking sheets etc.)

---

### Not recyclable

- Paper for filling bags and shoes
  - It is easy to make errors so be careful.

---

### Used paper can also be placed in a Used Paper Collection Site.

[Open hours] 9:00–17:00 on weekdays *Closed on Saturdays, Sundays, and national and New Year holidays*.

**Environmental Centers** are open between 9:00 and 12:00 on Saturdays.

Cloth items

Free of charge | Once a week ★ Also collected on holidays.

Contact [Used Paper/Cloth Item Recycling Inquiry Center Tel: 043-223-7767]
Reception hours: 9:00–17:00 on weekdays ★ Closed on Saturdays, Sundays, and holidays.

How to discard cloth items

1. Keep clean.
2. Place in a transparent bag.
   Cannot be put out on rainy days or when rain is forecast.

- Place articles in transparent bags after washing, drying, and cleaning.
- Most clothes can be recycled as used clothes. Make sure that articles are wearable and clean.
- Clothes can get moldy from the slightest humidity, making them nonrecyclable. If it is likely to rain on the day of collection, please put them out next time.

List of cloth items

- **T-shirts/Sweatshirts**
- **Dress shirts/Blouses**
- **Pants/Skirts**
- **Denim**
- **Sweaters/Vests**
- **Suits**
- **Coats**
- **Kimonos**
- **Wedding gowns**
- **Blankets**

- Handwoven clothes are treated as combustibles.

- Articles containing cotton or feathers are treated as combustibles.

- Textiles, sashes, and cloth caps are treated as combustibles.

- Articles with frayed edges are treated as combustibles.

⚠️ Not recyclable

Discard the following items as combustible waste. (Fabrics that cannot fit in a designated bag should be disposed of as bulky items.)

- **Fabrics containing cotton or feathers** ➤ because they are susceptible to humidity and mold
  - Cushions, down jackets, short coats, pillows, futons, zabuton, stuffed animals, etc.

- **Fabrics that are not suitable as used clothes** ➤ because there is no demand for them
  - Underwear, uniforms, work clothes (company uniforms, jump suits, etc.), swimsuits, handmade clothes

- **Accessories** ➤ because there is no demand for them
  - Sashes, bags, socks, gloves, textiles (kimonos can be discarded as clothing), leather goods (shoes, bags, etc.)

- **Worn-out articles** ➤ because unclean, odorous, frayed, or torn items are unwearable as used clothes
  - Bath mats, underwear, bedclothes, pet goods, etc.
Bottles, Cans, Plastic bottles

Free of Charge | Once a Week ★ Also collected on holidays.

Inquiries
City Hall Call Center Tel: 043-245-4894
Reception hours: 8:30-21:00 on weekdays *Open until 17:00 on Saturdays, Sundays, and national and New Year holidays.

How to discard Bottles, Cans, and Plastic bottles

**Bottles (glass)**
- Discard metal caps along with cans in a designated receptacle.
- Bottles containing oil (non-cooking oil) are treated as **incombustible waste**.
- Non-glass bottles are treated as **incombustible waste**.

1. **Remove the caps.**
2. **Wash lightly with water.**
3. **Place in a designated receptacle.**

   *Discard bottles by color in designated receptacles:
   - Colorless bottles: White receptacles
   - Brown bottles: Brown receptacles
   - Other bottles: Black receptacles
   *Some places do not necessarily have all three types of receptacle due to output and space concerns.*

   **Beverage bottles**
   - Juice, Nutritional drinks
   **Food/seasoning bottles**
   - Coffee, soy sauce, Cooking oil, dressing
   **Cosmetic bottles**
   - Face lotion, milky lotion
   **Liquor bottles**
   - Wine, whiskey, Bottles for making fruit liquor
   **Medical vials** are treated as incombustible waste

**Cans (for food and drink)**

| 1. Wash lightly with water. | 2. Crush aluminum cans. | 3. Place in a designated receptacle. |

   *Receptacles may be placed disassembled to prevent them from being blown away or depending on the traffic conditions.*

   **Cans for food**
   - Cans for Juice, beer, confectionery, candy
   **Cans for cooking oil**
   - Cans for cooking oil
   **Cans for pet food**
   - Cans for pet food
   **Metal caps for food and drink bottles**
   - Metal caps for food and drink bottles
   *Cans for non-food-or-drink items such as paint are treated as incombustible waste*

   **Cassette-style gas cylinders and spray canisters are treated as hazardous waste**

**Plastic bottles ★**

- Caps (for beverages only) are placed in plastic bottle receptacles or treated as **combustible waste**.
- Labels are treated as **combustible waste**.

1. **Remove the caps and labels.**
2. **Wash lightly with water. Crush into as small a size as possible.**
3. **Place in a designated net.**

   **Beverages/Alcohol**
   - Plastic bottles that contained oil or non-food-or-drink items are treated as combustible waste
   **Non-oil dressings**
   - Mentsuyu, Mirin, Vinegar, Soy sauce
   **Seasonings**
   - Mentsuyu, Mirin, Vinegar, Soy sauce

*A transition period will be in place until the new policy takes effect on April 1, 2018. Your cooperation is appreciated.*
Combustible waste

Fee-based | Twice a Week ★ Also collected on holidays.

City Hall Call Center Tel: 043-245-4894
Reception hours: 8:30-21:00 on weekdays *Open until 17:00 on Saturdays, Sundays, and national and New Year holidays.

How to discard combustible waste

1. **Purchase designated bags.**
   - Sold at supermarkets and convenience stores.

   - Place in a Chiba City-designated combustible waste bag and tie the opening shut.
   - Place in a designated bag. Items that cannot fit in a bag (those that making closing impossible or stick out from the bag) are treated as **bulky items**.

   Designated combustible waste bags (10-bag set)
   - 4SL (XL) 360 yen
   - 3OL (L) 240 yen
   - 2OL (M) 160 yen
   - 1OL (S) 80 yen

   **List of combustible waste**

   - **Soft plastics** (ones that do not break when bent by hand), PVC
     - Detergent Bottles
     - Shampoo Bottles
     - Cooking oil Bottles
     - Mayonnaise Tubes
     - Wasabi tubes
     - Empty instant noodles
     - Empty snack bags
     - Egg cartons
     - Plastic grocery bags
     - Inflatable tubes
     - Raincoats
   - **Kitchen/food waste**
     - *Drain liquid thoroughly.
     - Paper cups/dishes
     - Sticky notes
     - Socks
     - Scarves
   - **Leather items**
     - Leather bags
     - Leather shoes
     - Leather wallets
   - **Nonrecyclable used paper/cloth items**
     - DO NOT discard reusable used paper and cloth items in this bag.
     - Natto packs
     - Cold storage polystyrene boxes
     - Trays for fresh food
   - **Polystyrene foam**
   - **Rubber**
     - Rubber boots
     - Rubber hoses
     - Rubber gloves
   - **Bedding**
     - Including electric blankets and electric carpets
     - Remove firm plastics such as electric plugs and cords metal parts when possible and discard as **incombustible waste**.
   - **Home medical waste**
     - Sharp objects such as used syringe needles medical institutions or To pharmacies with biohazard symbols.
   - **Cassette tapes, video tapes**
     - Exceptionally treated as combustible waste.
   - **Disposable diapers, pet droppings and litter sand**
     - *Flush excrement down the toilet.
     - *Smelly articles can be placed in smaller bags then inside a designated bag

*When necessarily discarding tree branches as combustibles, cut them into within 10 cm (diameter) x 50 cm (length) pieces and bundle them together with string. Place cut grass and leaves in transparent bags. Up to 3 bags can be put out at one time.
Used cooking oil, etc.

Free of Charge | Collect at site

City Hall Call Center Tel:043-245-4894
Reception hours: 8:30-21:00 on weekdays *Open until 17:00 on Saturdays, Sundays, and national and New Year holidays.

Vegetable oil used for deep-frying tempura, etc. is recycled into eco-friendly fuels such as biodiesel.

How to dispose of used cooking oil

After being used for deep-frying tempura, etc., cooking oil should be cooled thoroughly, and impurities such as scraps should be removed.

Place in a plastic bottle and put in the collection box at a collection site.

*Expired oil is also accepted.

*As long as they are not opened, items can be discarded as-is in the containers at the time of purchase, such as cans.

*Animal fats such as lard and non-food oils such as engine oil are not accepted.

Incombustible waste

Fee-based | Twice a Month ★ Also collected on holidays. * Hazardous waste is collected on the same days.

City Hall Call Center Tel: 043-245-4894
Reception hours: 8:30-21:00 on weekdays *Open until 17:00 on Saturdays, Sundays, and national and New Year holidays.

How to discard incombustible waste

1. Purchase designated bags
   Sold at supermarkets and convenience stores.

2. Place incombustible waste in a bag. Tie and close the opening.
   Designated incombustible waste bags

- Place in a Chiba City-designated incombustible waste bag and tie shut the opening.
- Place in a designated bag. Items that cannot fit in a bag (those that make closing impossible or stick out from the bag) are treated as bulky items.

Designated incombustible waste bags (10-bag set) 20L(1) 160 yen 10L(5) 80 yen

List of incombustible waste

- Hard plastics (ones that break when bent by hand)
  - Rulers
  - Mechanical pencils
  - CDs
  - Floppy disks
  - Lunch boxes
  - Measuring cups
  - Clothes hangers
  - For household use/ Fire alarms

- Metal products
  - Forks
  - Spoons
  - Empty paint cans
  - Pots
  - Wrenches

- Home appliances (ones small enough to fit in a designated bag)
  - Telephone
  - Fax machines
  - Clothes irons
  - Whisks

- Ceramics, cutlery
  - Bowls
  - Teacups
  - Flowerpots
  - Kitchen knives
  - Wrap broken items and cutlery in paper and mark with a warning *注意ご使用あり
  - Before placing them in a designated bag.

- Glass items
  - Glasses
  - Vases
  - Incandescent light bulbs
  - LED light bulbs
  - Glass panes

Exceptions to the incombustible waste rules

The following is a list of items that can be discarded as incombustibles in a designated bag even when it cannot be tied shut. (Articles that can be placed in a designated bag can be discarded along with other incombustibles as normal.)

- Umbrellas
  - Place garbage in either a 10 L or 20 L designated incombustible waste bag and discard it.
  - *Any number can be discarded along with other incombustibles.
  - *As an exception, umbrellas can be discarded even when they do not fit in a designated bag.

- Rice cookers (up to 1800 cc)
- Plastic containers (below 20 L)
- 18 L cans (for non-food items)
- Square hangers for laundry
- Washbowls
- Plastic chairs for bathrooms

For each item, tie up or attach adhesive tape to one 20 L designated incombustible waste bag (or two 10 L bags).

⚠️ Please note that these are “hazardous waste” items! See page 9 for how to dispose of hazardous waste.
Hazardous waste

Free of Charge | Twice a Month  ★ Also collected on holidays.  ※ Incombustible waste is collected on the same days.

Inquiries: City Hall Call Center Tel: 043-245-4894
Reception hours: 8:30-21:00 on weekdays  ※Open until 17:00 on Saturdays, Sundays, and national and New Year holidays.

How to discard hazardous waste

1. Separate by type into transparent bags.
2. Place at the edge of a waste disposal station.  ※ Because collected on the same days as incombustible waste.
3. Be careful! DO NOT place in a bag.
   Place fluorescent light tubes in the original package or wrap them in newspaper etc.

List of hazardous wastes

- **Fluorescent light tubes**
  Wrap broken fluorescent light tubes in paper and mark with a warning “危険”.
  Treated as incombustible waste.  ※Because mercury is vaporized.

- **Dry cells/Lithium coin batteries** (Model code: CR or BR)
  Bring button cells and rechargeable batteries to a shop cooperating in the recycling program.
  Battery chargers are treated as incombustible waste.

- **Medical thermometers**  Sphygmomanometers (containing mercury)
  Items not containing mercury are treated as incombustible waste.

- **Disposable gas lighters**

- **Cassette-type gas cylinders**  Spray canisters

Be careful!  Make sure to check the contents beforehand.

- **Empty lighters and spray canisters before discarding them.**

There is no need to puncture canisters.
When emptying a spray canister, do it in a well-ventilated place without any source of fire. Accumulation of flammable gas may result in an explosion.

- **Items not classified as hazardous waste are not accepted.**
# Used small home appliances

**Free of Charge | Box collection**

City Hall Call Center **Tel:** 043-245-4894

Reception hours: 8:30-21:00 on weekdays *Open until 17:00 on Saturdays, Sundays, and national and New Year holidays.

To promote the recycling of materials such as aluminum, precious metals, and rare metals; to reduce combustible waste; and to extend the lifespan of final landfill sites, used small home appliances are being collected in accordance with the Small Home Appliance Recycling Act.

Bulky items

Fee-based | Collection · Self-transport

Inquiries

Bulky item reception centers Tel:043-302-5374
Reception hours: 9:00–16:00 on weekdays, 9:00–11:30 on Saturdays  *Closed on national and New Year holidays.

How to dispose of bulky items

☐ Follow the steps below to apply for collection before discarding your items.
☐ Items without a previously completed application, a ticket attached, or a sufficient fee paid are not accepted.

1 Application/reception

Applications are accepted by telephone or online. Up to 10 bulky items are accepted for one collection.

ância

☐ To facilitate the guidance process, please check approximate dimensions and weight of your items in advance.
☐ Make sure to take notes of the collection date, reception number, and fee details.

Bulky item reception centers

Tel:043-302-5374 Reception hours: 9:00–16:00 on weekdays, 9:00–11:30 on Saturdays
*Closed on national and New Year holidays.
*It may be difficult for calls to get through on days following holidays due to an influx of applications.

internet

☐ Approximately 1 to 2 weeks are required until collection after your application is accepted.
☐ If many applications are received at once, it may take more than 2 weeks.
☐ Online applications are not accepted for some items (beds, mattresses, audiovisual equipment, etc.)
☐ Contact the bulky item reception center directly by telephone for application.
☐ Your application is completed the moment you receive a confirmation email response from the center.

2 After your application is accepted, purchase a ticket and stick it to the bulky item to be discarded.

3 Put it out early in the morning before 8:00 a.m.

*Residents in Chigusai 1, 2-chome are advised to inquire with the neighborhood association for collection dates for used paper and cloth items.*

### About collection dates for tree branches, cut grass, and leaves

- On the same days of the week as incombustible and hazardous waste collection, but during alternate weeks. (e.g.) Incombustible/hazardous waste: 1st/3rd Mon. → tree branches, cut grass, leaves: 2nd/4th Mon.
- To cope with the abundance of combustible waste during the New Year holidays, no collection is performed in the first and second weeks of January. Please discard the recyclables collection days in the third of fourth week.
## Household waste collection during New Year holidays

*Only combustible waste may be subject to collection on New Year’s Eve on an ad hoc basis

*The collection of tree branches, cut grass, and leaves starts from the 3rd week of January.
