

School Attendance During Weather Warnings and Other Weather Alerts (Municipal Elementary Schools)

Chiba City's Basic Policies

Effective September 1, 2026

In accordance with the four basic principles, we will take appropriate measures based on the principles of accepting students when school safety can be ensured and keeping schools open whenever possible.

Ensuring the Safety of Students

Ensuring Learning Opportunities for Students

Consideration for Parents' Work Commitments

A System for Early Planning and Predictability

- ◎ The safety and well-being of students will be our highest priority in all decision-making.
- ◎ We will strive to ensure learning opportunities for students while maintaining the continuity of educational activities as a fundamental principle.
- ◎ We will take school operations into consideration so that parents and guardians can continue working with peace of mind.
- ◎ To allow families and schools to prepare in advance, we will communicate our response policies as early as possible.

Chiba City's Principles for School Closure Decisions

	(1) Citywide School Closure	(2) School Closure in Designated Areas Only
Previous Day	As of 11:00 a.m. on the previous day, if either of the following conditions applies: ① The Japan Meteorological Agency's time-series forecast indicates that the maximum wind speed (over land) will reach Warning Level (Red) or higher between 6:00 a.m. and 3:00 p.m. on the following day. ② The Japan Meteorological Agency's time-series forecast indicates that heavy rain, landslide risk, storm surges, or snow will reach Danger Level (Purple) or higher between 6:00 a.m. and 3:00 p.m. on the following day.	As of 11:00 a.m. on the previous day, if the following condition applies: ○ Evacuation information (Evacuation Order or Evacuation for the Elderly and Others) issued on the Chiba City Disaster Prevention Portal Site* is in effect and is expected to continue through 6:00 a.m. to 3:00 p.m. (06:00-15:00) on the following day. ○ The school's attendance zone includes an area covered by the evacuation information.
Day of the Event	As of 7:00 a.m. on the day, if any of the following conditions applies: ① A Storm Warning or Blizzard Warning is in effect. ② A Special Warning for Storms, Blizzards, or Heavy Snow is in effect. ③ A Level 4 Hazard Warning or Level 5 Emergency Warning for heavy rain, landslides, or storm surges is in effect.	As of 7:00 a.m. on the day, if the following condition applies: ○ Evacuation information (Evacuation Order or Evacuation for the Elderly and Others) issued on the Chiba City Disaster Prevention Portal Site* remains in effect. ○ The school's attendance zone includes an area covered by the evacuation information.

*Note: For disaster prevention and weather information, including time-series forecasts, weather warnings, and advisories, please refer to the Japan Meteorological Agency Website (Heavy Rain and Typhoons). For evacuation information, please refer to the Chiba City Disaster Prevention Portal Site

«To Ensure the Safety of Children»

- ☑ Traveling to school during severe weather events such as heavy rain and flooding, strong winds, or heavy snowfall may involve unexpected dangers. Please be mindful of hazardous areas and necessary belongings, and do not force your child to attend school if conditions are unsafe.
- ☑ Even after weather warnings and advisories have been lifted and the wind and rain have subsided, please check that the route to school is safe before allowing your child to attend school.
- ☑ If your child will be late to school or needs to leave early due to heavy rain and flooding, strong winds, heavy snowfall, or other severe weather conditions, please be sure to notify the school (homeroom teacher) through the school-home communication system, "Suguuru."

«Important Notes and Items for Confirmation»

- 💡 School lunch service will not be provided on days when a Temporary School Closure is implemented. If school lunch service is suspended due to severe weather or other natural disasters, school lunch fees cannot be refunded.
- 💡 When a School Closure in Designated Areas Only is implemented, schools will, in principle, follow the boundaries of junior high school attendance zones. However, depending on students' developmental stages, elementary and junior high schools may take different measures. Schools will provide advance notice regarding the specific arrangements, so please check the information sent by your child's school.
- 💡 When warnings for heavy snow or other weather conditions are issued, other than a Storm Warning, Blizzard Warning, or Special Warning, parents/guardians should decide whether their child should attend school. If a parent/guardian decides that their child should not attend school, the absence or tardiness will not be counted as such. Please refer to communications from your school for information regarding the educational activities that will be provided.
- 💡 If a Storm Warning, Special Storm Warning, or a Level 4 Hazard Warning related to heavy rain, landslides, or storm surges is issued after students have arrived at school, the dismissal time may be changed and students may be released only through parent/guardian pick-up. In such cases, students will remain at school until their parent or guardian arrives to pick them up.

«To Enable Early Planning and Preparation»

One Day Before the Typhoon's Closest Approach

- In the event of a Citywide School Closure or a School Closure in Designated Areas Only, the school will send a notification to families via the Suguuru school-home communication system between approximately 1:00 p.m. and 4:00 p.m.
- The notification will include information regarding whether the school will be temporarily closed or students are expected to attend school, as well as measures to ensure learning opportunities.
- If circumstances change after 5:00 p.m., the school will send an updated notification to families via Suguuru

By 7:00 a.m. on the Day of the Typhoon

- For schools that have not decided on a temporary closure by the previous day, a final decision regarding whether students should attend school will be communicated to families via Suguuru by 7:00 a.m._

Until Student Dismissal on the Day of the Typhoon

- For schools that have decided to remain open on the day, if it becomes necessary to change the dismissal time or implement parent/guardian pick-up procedures, a notification will also be sent to families via Suguuru.

«Points to Note When a Parent/Guardian Pick-Up Notification Is Issued»

- ☑ Parents/guardians should check notifications from the school sent through the "Suguuru" school-home communication system or other communication methods and come to pick up their child. Students will remain under the school's supervision until their parent/guardian arrives.
- ☑ If a person authorized by the parent/guardian will pick up the student, the parent/guardian must notify the school in advance. If no prior notification is received, the school may be unable to release the student to that person.

警戒レベルに対応した気象警報・注意報

	河川氾濫 1級河川などの 大河川の氾濫	大雨 低地の浸水や 大河川以外の氾濫	土砂災害 急傾斜地のがけ崩れや 土石流	高潮 海水面上昇や 波の打上げによる浸水	(警戒レベルごとの) 住民が とるべき行動
警戒レベル 5相当	レベル5 氾濫特別警報	レベル5 大雨特別警報	レベル5 土砂災害特別警報	レベル5 高潮特別警報	命の危険 直ちに安全確保！
<警戒レベル4までに危険な場所から かならず避難！>					
警戒レベル 4相当	レベル4 氾濫危険警報	レベル4 大雨危険警報	レベル4 土砂災害危険警報	レベル4 高潮危険警報	危険な場所から全員避難
警戒レベル 3相当	レベル3 氾濫警報	レベル3 大雨警報	レベル3 土砂災害警報	レベル3 高潮警報	避難に時間を要する人は早めに避難、避難の準備など
警戒レベル 2	レベル2 氾濫注意報	レベル2 大雨注意報	レベル2 土砂災害注意報	レベル2 高潮注意報	避難行動を確認（避難場所や避難ルート、避難のタイミングなど）
警戒レベル 1	早期注意情報				災害への心構えを高める

その他の気象警報・注意報

特別警報	暴風、波浪、大雪、暴風雪
警報	暴風、波浪、大雪、暴風雪
注意報	強風、波浪、大雪、風雪、濃霧、雷、乾燥、なだれ、着氷、着雪、霜、低温、融雪
早期注意情報 (警報級の可能性)	暴風(暴風雪)、波浪、大雪
